Oliver Worldclass Labs Presents an Interactive Seminar for Educators

SMART Notebook Level 2 Training

Engage your students with fun, interactive lessons with SMART Board Notebook software

What to Expect

This event will be led by a SMART Certified Trainer working with SMART Interactive products daily in her classroom. By the end of the event, you'll be comfortable creating and organizing lessons using the SMART Board & interactive Notebook software.

- You will receive a level 2 Notebook learner's workbook that includes reference material, step-by-step activities and review exercises. The workbook is used during the session and is an excellent future reference.
- You will have time to ask questions and create interactive lesson activities, engage in group discussions and plan and improve your own current lessons.

Who should attend?

Users of SMART Boards who have completed Notebook software training level 1, attended a SMART Master's event or who have at least one year of experience using Notebook software, K-12 instructors, higher education instructors and corporate trainers.
